CSMUN 4.0

A JOURNEY OF LEARNING.
A LEGACY OF EXCELLENCE ...

Together, we shape *leaders* who shape the *world*.

BUILDING FOUNDATIONS FOR A BETTER TOMORROW

"Ting our school community, one story at a time."

Dear Parents, Students and Staff,

Every month brings a new set of stories, achievements, and experiences, and July was no different. Our students continued to show us dedication, creativity, and spirit of exploration, from sparking debates at the Model United Nations and inspiring educational trips to insightful university interaction sessions and regular health check-ups. Join us for a look back at some of the memorable moments that made July a productive and inspiring month as we endeavor to move forward with grace and dignity and perseverance.

The start of our successful journey this month was made possible by the abundant grace of the Almighty, who continues to guide and strengthen us through every milestone.

We are deeply grateful to our parents for their unwavering trust and partnership. Walking hand-in-hand with us is what has turned every challenge into an opportunity.

Finally, we extend our heartfelt thanks to our dedicated teachers and staff, whose passion and resilience continue to transform our classrooms into inspiring spaces where curiosity and confidence flourish. And, dear students, this is your invitation to dream big, question and learn boldly, be curious, grow with grace, and let your spirit soar. Embrace every opportunity that this month presents, because your future is shaped by your daily decisions.

As we embark on this journey together, let us celebrate not only achievements but also effort, character, compassion, and perseverance.

Let us continue to build a school where excellence is pursued with humility, success is measured by values, and every child is empowered to leave a meaningful legacy.

May the following months be one of creativity and purpose, showcasing the talent of our students, as we strive to present stories that encourage reflection, celebrate values, and inspire meaningful change and unforgettable memories.

Because the world we dream of tomorrow begins with the choices we make today.

Welcome to another extraordinary month at our school.

Warm Regards,
Cornerstone School

CS MUN 4.0

CS MUN was an initiative that was started a few years ago but has gained permanent traction and has cemented itself for the long haul, showing no signs of slowing down. This was conducted seamlessly by the school leadership and faculty and offered students a clear understanding of real-life debates that happen constantly in the UN.

The impact that MUN has had on the students is exhilarating, enriching their time management and deep research skills; critical thinking, problem-solving, debating, and public speaking skills; the art of negotiation and crisis management; and also refining their energy into becoming sharp, diplomatic strategists.

Ultimately, MUNs are far more than an academic exercise - they are a launchpad for future leaders. By propelling students out of their comfort zones, MUN transforms them from passive observers of world events into active, empathetic global citizens equipped with the sharp communication, diplomatic, and problem-solving skills needed to shape the future.

CS MUN 4.0 (2026-27)

Exam Season Rush

Alongside festivities, academic focus remains strong. Grades 1 - 12 had taken on Periodic Test 1 from the 13th to the 27th of July, where the atmosphere was buzzing with exam preparation, revision sessions, and determination to excel.

Assemblies

During this month, students from various grades came alive with a series of class assemblies, showcasing creativity, teamwork, and thoughtful reflections.

Students celebrated traditions, languages, and art forms, showcasing the beauty of inclusivity and respect for different backgrounds.

Thought - provoking skits and speeches emphasized sustainability, urging everyone to take responsibility for protecting our planet.

Field Trips

Throughout the month, field trips were planned to give students rich learning opportunities outside of the classroom. These trips gave them the chance to see new locations, learn useful information, and make enduring memories with their teachers and peers.

The excursions, which were full of joy, curiosity, and excitement, promoted cooperation, observation, and a greater understanding of the world around them, making them an unforgettable aspect of the month's events.

University Interactions and Workshops

Grades 10 - 12 also participated in enriching workshops, designed to sharpen skills and broaden perspectives.

We were honored to welcome representatives from ISBF (Indian school of Business and Finance). Situated in Delhi, Ashoka University, and SIM (Singapore Institute of Management). Their sessions gave students valuable insights into higher education opportunities and future pathways.

We hope our children will use the knowledge gained from these workshops to make better decisions regarding their future course of action.

Annual Health Check-up

As part of our commitment to the well-being of our students, an Annual Health Check-up was conducted across grades at school. The comprehensive check-up provided an overall view of each student's health and helped us identify areas that may require attention or follow-up. It was a valuable initiative to ensure that our students remain healthy, active, and ready to learn and grow.

Annual Day Preparations

Excitement is building as rehearsals and planning for our Annual Day are in full swing. Students and teachers alike are working tirelessly to ensure a memorable celebration of talent and achievement.

The school is abuzz with Annual Day preparations as students actively participate in daily rehearsals for dance, choir, theater, organizational activities, and prop-making. Their commitment, creativity, and teamwork promise a memorable and well-organised execution of the event

The Road Ahead in August…

If July was our foundation, August is where we build. This new month promises even greater opportunities to learn, collaborate, and excel. We are ready to cross new milestones, celebrate fresh successes, and make this academic year truly unforgettable.

Let's make August another month to remember!
